

MARKETING PLATFORMS

"When we decided one of our parcels needed to go, we again engaged Alan, who suggested an auction. Alan put together a very comprehensive advertising package that brought attention from the local market, but also had the tools for a national presence. Immediately we had out-of-state interest in the property. Alan executed the auction with the out-of-state buyer. Alan kept us informed and did everything he said he would do – and beyond. My family recommends Alan Howard!" - JB
